8	Girls '94 Green **	...	Girls '94 Green **	*	...

If you're not sure of your team name, check the list of coaches on the schedule below.

* 7 will be used Thurs Sept 1 by Girls '01 (U11).

** Girls '94 will warm up on 8 before moving to 6S when Girls '99 is done.

*** 7W will be used by Girls '00 Fri Aug 12.

The PSC Facilities Committee reserves the right to move teams based on turf conditions / other factors. Otherwise, teams are asked to practice on the field they're assigned to even out the wear. If we wear out the grass in front of the goals, it won't come back unless we take that area out of service for 18 months.

This summer the bare areas in the goal mouths of the south goal on field 1, both goals on field 2, and the north goals on fields 4 and 5 were seeded so we need to stay off those areas. To accomplish this, the field configuration has changed this fall on several fiels. In addition, a north-south stripe on field 2 was seeded last fall, and to help that grass become established, we'll stay off that area by continuing to only use small-sided field 2 east of that area. Reseeding on field 1 the year before has struggled due to the drought last summer, and if we continue to only use the established areas, we hope it'll be ready to use next spring, since we've had good rain most of this summer.

If you want to change your team's field assignment or time, it's important that you email nbjansen@gmail.com with your request so we can notify facilities volunteers who cut grass and

stripe lines (there could be other work done that might restrict access at times). Without proper notification, the field planned to use may be out of service for cutting or striping, or you may not be able to get into the area. Facilities workers use the schedule on this web page. If you want to hold a scrimmage without someone else using the field you planned to use, make sure you notify us so we can put it on [this web page](#) and others will know you have it.
